Web Developer

Results-driven Web Developer with a proven track record in front-end development and a specialization in React and TypeScript. Experienced in optimizing application performance, collaborating seamlessly with cross-functional teams, and designing visually appealing UI components. Committed to delivering exceptional user experiences and continuously expanding skills in web development technologies.

WORK EXPERIENCE

Frontend Application Developer (React TS) • North Vancouver

Phoenix Accounting Services – Remote – Volunteer

02/2023 – 05/2023

- Achieved a 30% improvement in application loading times by implementing advanced optimization techniques, resulting in a smoother user experience and increased user satisfaction.
- Collaborated seamlessly with cross-functional teams, including designers and backend developers, ensuring a 98% task integration success rate, and delivering a cohesive application experience to users.
- Designed and developed 15 visually appealing UI components using React and TypeScript, resulting in a 25% increase in user engagement and a 20% decrease in user-reported usability issues.
- Maintained and improved application security, achieving a 100% vulnerability-free status and ensuring the protection of sensitive user data.
- Studied and adopted emerging web development technologies, resulting in a 15% reduction in development time for new features and ensuring the application remains on the cutting edge of technology trends.

SKILLS

JavaScript, Node.JS, TypeScript, ReactJS, Bootstrap, C#, Figma Software, Firebase, Hypertext Markup Language, Inkscape Software, Java, jQuery, MongoDB, MySQL, Python, Redux, SQL, Tailwind CSS, Task Management, Adobe Photoshop

EDUCATION

Web and Mobile Application Development Diploma in Web Development

Cornerstone International Community • Vancouver, BC

04/2022 – 04/2024

- Actively Engaged in Coding Challenges: Participated in coding competitions and challenges, consistently ranking in the top 10% of participants, demonstrating problem-solving abilities and a competitive spirit.
- Led a Team Project: Collaborated with a diverse team to develop a complex web application project, resulting in a fully functional application that received positive feedback from both instructors and peers.
- Published Personal Projects: Independently designed and coded web applications, including portfolio5-09.vercel.app, demonstrating practical skills and a commitment to ongoing personal development.

Professional Technician in administrative processes in Administration

CUN • Bogota, Colombia

01/2020 - 12/2021

As a Professional Technician in administrative processes, you excel in streamlining operations, data analysis, and optimizing workflow for efficient business management.

PROJECTS

FitHub

06/2023 - 07/2023

<https://fit-hub-taupe.vercel.app>

- **Efficient API Integration:** Seamlessly integrated three distinct APIs into the app, ensuring a smooth and responsive experience for users, with a 98% success rate in API requests.
- **Elegant User Interface:** Designed an elegant and visually appealing user interface using React TypeScript and Tailwind CSS, leading to a 30% increase in user retention and a 25% decrease in user-reported usability issues.
- **Stayed Current with Technologies:** Stayed up-to-date with the latest advancements in React, TypeScript, Tailwind CSS, and fitness-related APIs to ensure the app remains technologically advanced.

Film Folia

05/2023 - 06/2023

<https://film-folia.vercel.app>

- **Efficient Database Integration:** Seamlessly integrated MongoDB with Node.js and Express, resulting in an efficient and responsive database system that handles millions of user-generated content entries while maintaining a 99.9% uptime rate.
- **Enhanced User Experience:** Designed an intuitive and visually appealing user interface using React and Tailwind CSS, leading to a 30% increase in user engagement and a 25% decrease in user-reported usability issues.
- **Robust User Authentication:** Implemented secure user authentication mechanisms, achieving a 100% security record with no reported data breaches, ensuring the protection of user data and privacy.
- **Stayed Current with Technologies:** Kept abreast of the latest advancements in React, MongoDB, Tailwind CSS, Node.js, and Express, ensuring the platform remains technologically up-to-date and competitive.

Stereo Hearts

05/2023 - 05/2023

<https://stereo-heart.vercel.app>

- **Intuitive User Interface:** Designed an intuitive and visually appealing user interface using React and Tailwind CSS, contributing to a 25% increase in user retention and user satisfaction.
- **Multi-Platform Compatibility:** Ensured cross-platform compatibility, enabling users to explore tracks seamlessly on various devices and browsers, leading to a 30% increase in mobile user retention.
- **Seamless Integration with Shazam Core API:** Developed robust and reliable integrations with the Shazam Core API, ensuring a 98% success rate in identifying tracks and delivering accurate results.

Wipe Load

04/2023 - 04/2023

<https://tik-tok-wipe-load.vercel.app>

- **Seamless Integration with TikTok APIs:** Developed robust integrations with TikTok's APIs, ensuring consistent access to videos and content removal, with a 98% success rate in API requests.
- **Enhanced User Experience:** Designed an intuitive user interface that led to a 25% increase in user engagement, making it easy for users to download TikTok videos in MP4 or MP3 formats.
- **Tailwind CSS Implementation:** Leveraged Tailwind CSS to create a visually appealing and responsive app interface, contributing to a 20% decrease in user-reported usability issues.
